

Brooklyn Prospect 2023 Summer Enrichment for Rising 12th Graders

Dear Rising 12th Graders,

This summer, we hope that you engage in some engaging and interesting learning tasks. The summer is also a time when you should be exercising your brain like a muscle to prepare for the upcoming year. The following academic enrichment activities are designed to allow you to remain engaged and learning throughout the summer. These enrichment activities are required, and you will gain insight into some of the things you'll learn this fall while practicing the skills and knowledge you acquired in the past year. This is an opportunity to gain further enrichment on the topics and themes of your 12th grade courses that will help you throughout the school year. Please carefully review the requirements for the various courses and do not hesitate to contact Ms. Gallager if you have any questions. Of course, you are welcome to read beyond the minimum course requirements!

If you are enrolled in any of the following courses, you will need to complete the summer work requirements listed within this guide:

- History HL
- Biology HL
- Visual Arts
- Spanish ab initio
- Spanish SL
- Mandarin SL
- ESS
